OTAKI GORGE

王滝渓谷

Enormous Rocks, A Lake and Beautiful Scenery

Otaki Keikoku (gorge) is located to the east of Toyota city, and is very convenient to access, being about 40 minutes from Nagoya by car. This gorge is formed by the branch of the Tomoe and Nio Rivers, the views of which are superb.

You can see ume blossoms and camellia in March, fresh green leaves in April and May and colorful leaves in November.

You can walk peacefully along the road, about 5 kilometers there and back.

Fudosan View Tower

Stroll along the Otaki Keikoku Promenade (overall 1870 m) to the Fudosan View-Tower, where you can sit on the rock walls and overlook the beautiful panorama.

Komiyama Garden

About 20 minutes' walk from Tsubayagi Garden, this located near the uppermost stream of Otaki Gorge (247 m high) with a steep slope and enormous rocks.

A Fukuroga-jo

This is a fort which has been formed from the surrounding Natural forest, at a height of 252 m. You have to climb a steep slope to get to the view tower at the top, where you can see a 360 degree view, including the Suzuka mountains, the Chita peninsula and the bright colors of the sunset.
