

# Notification about the Fourth COVID-19 Vaccinations

Process up to Getting Vaccinated

Vaccinations are free of charge  
(Fully paid for by the government)

English/Português/Español/中文/한국어  
Filipino/Tiếng Việt/नेपाली

## 1 Check who is eligible for the vaccination

The following people will be eligible for the vaccination five months after having their third one.

- (1) People aged 60 or over.
- (2) People aged 18 or over who have underlying medical conditions, or are otherwise deemed by a physician to be at high risk of severe illness from COVID-19.

The eligible people with underlying medical conditions are as follows:

- (1) People with the following diseases or conditions who are going to or staying in hospital for them:
1. Chronic respiratory diseases
  2. Chronic kidney diseases
  3. Chronic heart diseases (including hypertension)
  4. Chronic liver diseases (cirrhosis, etc.)
  5. Diabetes with other associated diseases or diabetes on its own being treated with insulin or oral medication
  6. Blood disease (except for iron deficiency anemia)
  7. Diseases that suppress the immune system (including malignancies undergoing treatment or palliative care)
  8. People undergoing treatment that suppresses the immune system, such as steroids
  9. Neurological and neuromuscular diseases accompanied by immune disorders
  10. Weakened physical functions (e.g., respiratory disorders) due to neurological or neuromuscular diseases
  11. Chromosomal disorders
  12. Severe physical and intellectual disabilities (conditions with multiple severe physical and intellectual disabilities)
  13. Sleep apnea syndrome
  14. Severe mental illnesses (if they are currently hospitalized for the treatment of a mental illness, have a mental disability certificate, or are receiving independence support care (mental health care) classified as "severe and continuous") or intellectual disabilities (intellectual disability certificate)

- (2) Obese people who meet the criterion (BMI of 30 or higher)  
Rough guides for a BMI of 30: Height 170 cm and weight 87 kg, and height 160 cm and weight 77 kg

People with disability certificate, etc. are sent vaccination coupons without having to apply for them.

The City of Nagoya has decided that people aged 18 to under 60 who have the following disability certificates or medical care certificates<sup>(\*)</sup> are likely to be eligible for the fourth vaccination due to having underlying medical conditions. It is therefore sending them vaccination coupons without waiting for them to apply.

Note: Disability certificates, medical care certificates, etc.  
(People who have one that is valid as of May 30, 2022)

1. Physical disability certificate (shintai shogaisha techo)
2. Medical rehabilitation handbook (aigo (ryoiku) techo)
3. Mental disability certificate (seishin shogaisha hoken fukushi techo)
4. Independence support medical care certificate (jiritsu shien iryo jukyusha sho)
5. Specified chronic childhood disease medical care certificate (shoni mansei tokutei shitsubyo iryo jukyusha sho)
6. Specified medical expenses certificate (tokutei iryohi jukyusha sho), etc.

If you are eligible for the fourth vaccination, please consider having it. (Vaccination is not mandatory.)  
Even if you are sent a vaccination coupon, you will not be able to have the vaccination if you are not eligible (e.g., because you do not have any of the underlying medical conditions).  
Discuss it with your physician in advance. If you are unable to do that, you can discuss it during the preliminary checkup at the vaccination site.

Health & Welfare Bureau COVID-19 Control Office  
Health & Welfare Bureau Disabilities Planning Division  
Child & Youth Affairs Bureau Child-Rearing Support Division

● In principle, you need to make an appointment in advance.  
Use the following procedure to do so.

Note: Depending on the supply of vaccines, you may not be able to make an appointment straight away.

## 2 Make an appointment for your vaccination

Note: Ward offices, branch offices, and health centers do not handle appointments.

Note: You can find out more about the vaccines used from the enclosed flyer or the city's website, or by asking the medical institutions directly.

Category	Vaccine	How to make an appointment
Vaccinating individuals at medical institutions <small>Note: See the enclosed flyer to find out which medical institutions you can get vaccinated at, and what vaccines they use.</small>	Pfizer vaccine Takeda/Moderna vaccine	Make an appointment directly with the medical institution.  Note: You can also use COVID-19 Vaccine Navi to check medical institutions' details, including what vaccines they use, how to make an appointment, and their latest appointment status. Note: You can also inquire at temporary sites for appointments.
Mass vaccinations at large sites <small>Note: See the enclosed flyer for the sites, dates, etc.</small>	Takeda/Moderna vaccine	<ul style="list-style-type: none"> <li>○ Making an appointment via the Internet Nagoya COVID-19 Mass Vaccination Appointment Site (Can also be accessed from the city's website.) Note: Your user ID and password will be on your <a href="#">vaccination coupon</a>. </li> <li>○ Making an appointment by phone (Note: Appointments cannot be made by fax or email.) Nagoya COVID-19 Vaccination Call Center ☎ 050-3135-2252 9:00-17:30 every day Note: Contact the following if you have difficulty talking on the phone (e.g., because you have a hearing disability): Fax: 052-413-5853, email: <a href="mailto:chogen@meishinren.or.jp">chogen@meishinren.or.jp</a></li> <li>○ Making an appointment face-to-face (Temporary sites for appointments) Note: See the enclosed flyer for the sites, when they will open, etc.</li> </ul>
