Career Path after Junior High School Graduation and Preparation for High School

Nagoya Board of Education

1. Main career path after graduation from Junior high school

※

- Students have to take exams (test) and interviews to go on to higher level of schools and to be employed after graduating from junior high school in most cases.
- Students are not allowed to skip a grade or go up to a higher level of school during compulsory education (elementary and junior high school). Generally it is the same for high school and university, etc. with some exceptions.

2. Career Guidance in Junior High School

(1) *SHINRO SETSUMEIKAI* Career path session

This session is directed towards students in Grade 3 and their guardians with the purpose of explaining a students' career path (to enter employment or going up to higher level of school) after graduating from junior high schools. This session provides not only general information regarding career paths, but also particular information such as the schedule of career path related activities and trends regarding graduates career options.

(2) *KOJIN KONDANKAI* Student-Guardian-Teacher Meeting

This is a meeting for the student, the parent/guardian, and the teacher to discuss about a student's future course after graduation. It is a good opportunity to discuss specific courses according to each students' desire.

(3) Information brochures on Career Path

Information on finding employment or entering higher education is available through Career Path Letter or brochures whenever required. Please take note that the application deadline for each document such as experience-learning, consultation session, other required documents for job application and school entrance application.

3. High School

Entering higher education

After completing junior high school, there are a variety of higher education options such as going to specialized vocational high schools, high schools (full-time, part-time or correspondence course), special technical schools, special-needs schools and others.

(1) National, Public & Private high schools in Aichi prefecture

1. National High Schools:

2 affiliated high schools, 1 specialized vocational high school

2. Public High Schools:

Approx.160 schools. Other than comprehensive courses, there are courses specialized in industry, commerce, agriculture, home economics, fishery, and welfare etc. There are Aichi Prefectural high schools and Nagoya City municipal high schools in Nagoya city.

3. Private High Schools:

Approx.60 schools. Educational continuity from junior high up to university level. These schools have their own independent curriculum and each school has its own distinctive characteristics.

(2) Courses

1. Full-time courses:

Daily class schedule is almost the same as the one at junior high schools. The length of study is 3 years.

2. Part-time courses:

Two schedules are available: evening schedules and daytime schedules. The number of class hours per day is 4 hours on average and the length of study is 4 years on average.

3. Correspondence course:

The course includes home study, report submission and attending certain classes. Generally, the length of study is 4 years.

(3) Entrance Examinations (Test)

Examination system differs depending on schools and courses, etc.

Some schools offer special entrance systems for foreign students. (The following are schools within the Owari District where the examination can be taken)

[Examination for returnees]

- Nagoya City Meito High School, International English course
- Aichi Prefectural Chigusa High School, International Studies course
- Aichi Prefectural Nakamura High School, General course

[Examination for foreign students and war-displaced Japanese descendents returning from China]

- Aichi Prefectural Nagoya Minami High School, General course
- Aichi Prefectural Komaki High School, General course
- Aichi Prefectural Higashiura High School, General course
- Aichi Prefectural Nakagawa Shogyo High School, Commercial course
- Aichi Prefectural Toyota Kogyo High School, Industrial course
- Aichi Prefectural Toyokawa Kogyo High School, Industrial course

① Public high schools with full-time courses

- 1) Selection by recommendation: Interview, (with a special examination) * Required to take academic achievement test (5 subjects: Japanese, Social Science, Math, Science, English) as well.
- 2) General selection: Academic achievement test (5 subjects: Japanese, Social Science, Math, Science, English) and an interview (with a special test)
- 3) Special selection:
 - I, Entrance selection of returnee student 【Selection of returnee student】

Academic achievement test (5 subjects: Japanese, Social Science, Math, Science, English) and an Interview

* Successful applicants are selected based on the results of academic achievement tests of 3 subjects (Japanese, Math, English) and an interview.
 - II, Examination for foreign students and war-displaced Japanese descendents returning from China 【Selection of foreign students, etc.】

Academic achievement tests (5 subjects: Japanese, Math, English) and an individual interview

* Academic achievement tests (Comprehensive examinations of basic questions in Japanese, Math, English are held on the day of an interview. Kana alongside Kanji or Chinese characters are provided on the exam.)

* Successful applicants are selected based on the results of academic achievement tests and an individual interview.

② Public high schools with part-time courses

Basic academic achievement test (3 subjects: Japanese, Math and English)

Essays and interviews (basic academic achievement tests)

③ Private high schools with full-time courses

*Recommendation examination: an interview, basic academic examinations, etc.

*General entrance examination: academic achievement examinations (of the following five subjects or three out of the following five subjects: Japanese, Social Science, Math, Science & English) and an interview, etc.

March 9 th (Mon.) & 10 th (Tue.)	Public high school	Full-time course (B group)
March 18 th (Wed.)	Public high school	Full-time course - Result announcement
March 25 th (Tue.)	Public high school	Part-time course (The second examination)
March 26 th (Thu.)	Public high school	Part-time course (the second examination) - Result announcement
March 29 th (Sun.)	Public high school	Correspondence course - The second selection
March 31 st (Tue.)	Public high school	Correspondence course (the second selection) - Result announcement

(5) School Fee (In the case of the 2019 school year)

Public high school tuition fee is approximately 120,000yen per year. The tuition fee for private high schools is approximately 500,000yen per year, but the amount varies depending on each school.

※National subsidies for tuition fees are available depending on the income of parents / guardians. However the difference between tuition fees and subsidies will be incurred.

Expenses other than tuition (entrance fee, uniforms, textbooks, reserve funds for school trips, student membership fee and school lunch, etc.) are needed for both public, national and private high schools.

(6) Scholarship System

For students with financial difficulties, a variety types of assistance are available such as reduction (exemption of entrance fees), subsidies (subsidies for tuition fees. No repayment required) and loans (temporary loans for tuition fees repayment required at a later date).

1. Entrance examination methods and details

◇Students who wish to go to high school (full-time course) after graduating from junior high school, needed to follow the entrance examination schedules as follows.

Private high school Admission on recommendation
January 29

This is one of the options for students who wish to go to private high school.

Private high school General Entrance Examination
February 4 to 6

Students may take the entrance examinations for up to three preferred private high schools. After passing the examination, he/she can still take the public high school examinations a while suspending entrance application procedures for private high school.

Public high school entrance examination
Public high school entrance examination
(Admission on recommendation)
Schedule A: March 5 and 6
Schedule B: March 9 and 10

This examination is for students who wish to go to a public high school. Student may take examinations for up to two schools on both schedule A and B.

※ Please refer to “2. Public high school examination”

2. Public high school examination

Public high school entrance examination is called “Multiple examination system”. Student may select and take examinations up to two schools based on his/her preference (first preference · Second preference)

* Student may take only one examination of his/her choice as well.

	Owari district		Mikawa district (general course)	Specialized course
	Group 1	Group 2		
Group A	☆	△	○	□
Group B	★	▲	●	■

<Combinations able to take two examinations>

Owari district : ☆－★、☆－■、★－□、△－▲、△－■、▲－□、□－■

Mikawa district : ○－●、○－■、●－□、□－■

<Combinations unable to take two examinations>

Owari district : ☆－△、☆－▲、☆－□、▲－■

Mikawa district : ○－○、●－●、○－□、●－■

※ Combining general course schools from different district such as ☆－● is not allowed.

※ Specialized course is not effected by school district. Student may take examination as per his/her preference.

※ Admission is possible to one school only, even if the student takes examinations for two schools.

Student may not choose the school after obtaining the admission.

3. Career guidance

Some of the important things to consider while making decisions on your future educational progress are to talk to your parents and teachers about your preferences and thoughts, and understand exactly what you must do to work towards your goal. You will also need to see for yourself what conditions are like at each school.

To help you with your decision-making, the schedule on further education and career guidance is as follows:

(Example)

Month	Junior High School	High School and other schools
April	Career guidance Career preference survey	
May	Home visit Mid-term examination	
June	Education consultation ・ Term-end examination	
July	Parent-teacher's meeting (Individual meeting)	Trial enrollment ・ School orientation
August		
September	Career preference survey	
October	Mid-term examination	
November	Education consultation ・ Term-end examination	
December	Parent-teacher's meeting (Parent-teacher-student meeting) *Consultation on private high school examination	↓
January	Parent-teacher's meeting (Parent-teacher-student meeting) *Consultation on public high school examination	
February		Entrance examination by commendation on private high school and vocational school Private high school entrance examination
March		Public high school academic achievement test ・ Interview (with a special examination) Public high school interview (by recommendation) Public high school (Part-time) entrance achievement test

※The schedule and conducting method vary depending on schools.

School Name	Nagoya City Chuo High School Part-time course (Evening) (<i>Nagoya Shiritsu Chuo Kotogakko Yakan Teiji-sei</i>)
Address	〒460-0007 Nagoya-shi, Naka-ku, Shinsakae 3-15-45 Tel: 052-241-6538
Access from Closest Station	8-minute walk from Chikusa Subway Station, exit 5; 8-minute walk from JR Chikusa Station or 3-minute walk from Shinsakae Sanchome city bus stop.

Main Nationalities	China, South Korea, America, Philippines, Brazil, Nepal, etc.
Remarks	Unit credit course is available which student may choose the number of times to go to school.

Frequently Asked Questions (Reference Material)

Q 1 What are the merits of going to high schools?

- A 1 You are qualified to take the entrance examinations for universities, two-years colleges and vocational schools after graduating from high schools. On top of that, a high school certificate makes it easier to find jobs.**

It is necessary to have a high school certificate before you can apply to universities, two-years colleges and vocational schools. Moreover, most companies make having graduated from high school one of their necessary conditions for hiring.

Q 2 What can I learn in a high school?

- A 2 High school courses include the regular courses as well as specialized ones such as industrial and commerce courses. Such specialized courses teach not only the general knowledge but also specialized knowledge and skills.**

Q 3 What qualifications are required to take the entrance examinations for high schools?

- A 3 To be qualified to take the entrance examinations, you must be at least 15 years old by April 1 in the year of your admission. You must either be a graduate from Japanese junior high schools or have completed 9 years of formal education in overseas elementary and secondary schools.**

- It is not necessary not to hold Japanese citizenship.
- For those who have not graduated from junior high schools, you can attend and graduate from junior high school night classes, or pass the test of junior high school graduation certificate (held in October every year). With this, you can qualify to apply for high school entrance examinations (refer to page 18: Reference Material ★5)

Q 4 In what areas should I put in effort in order to enter a high school?

- A 4 Japanese language skills are necessary because high school classes are held in Japanese. For that reason, the entrance examination is conducted in Japanese. You must obtain Japanese language skills first.**

- Ability to communicate in Japanese
- It is necessary to be able to read the textbooks and write (kanji learnt in junior high school).

Q 5 What can I do to prepare the high school entrance examination this March?

A 5 You must study seriously not only the examinable subjects, but also all nine subjects as well as daily classes.

Q 6 How do they determine successful applicants into a high school?

A 6 Criterion for successful application is comprehensive assessment of the contents of “portfolio” prepared by the junior high school, academic assessment (five or three subjects : refer to page 17: Reference Materials ★2) conducted on the day, Interviews and essay writing (in the case of part-time high school).

Q 7 What is the ‘portfolio’?

A 7 Portfolio is prepared by junior high school. It is a record of works achieved during the junior high school years, including the academic results and achievements of activities.

What everyone is most concerned about is the ‘school entry points’ which are the assessment of each subject in 5 stages. The school entry point is mostly the same as the contents of the report card received each semester, but this shows the degree of comprehension of each subject by a number and the good performance in activities put in junior high school life such as club activities and English Proficiency Assessment as well as number of daily attendance.

Q 8 What kind of questions are asked in the academic assessment for entrance examinations?

A 8 They will be based mainly on the contents learned in the 3 years of junior high school.

It is also important to know the contents of the examination questions in order to think about the study method that suits you. The entrance examination questions for the past five years can be found in the Aichi Prefectural Consultation and Information Center (*Aichiken Kenmin Soudan · Jyoho Center*). You can also pay and make a copy.

(refer to page 17: Reference Materials ★3)

Q 9 I would like to know more about high school. What should I do?

A 9 Let's take advantage of One Day Trial Visit (*Taiken Nyugaku*) events offered by each high school in order to choose the school that suits you.
(refer to page 18: Reference Materials★4)

Q 10 Is there a special exam for foreigners?

A 10 Some public high schools in Aichi Prefecture have schools conducting selection tests for foreign students. (Refer to page 16: Reference Materials ★1)

Owari District (Three schools), Mikawa District (Three schools), Vocational Courses (Three schools)

Q 11 I want to help with my family's expenses by working part-time while attending high school. Can I work part-time?

A 11 You can study while working part-time at part-time high school.
Some full-time high schools do not allow part-time jobs.

Q 12 As my family's economic situation is not well, I would like to receive financial assistance for expenses incurred during high school.

A 12 There are national, prefectural and city scholarship programs for students requiring financial assistance.

Nagoya-city offers following scholarships of 1 to 3.

1. Application at junior high school (September)
2. Application at ward-office/branch (at least one month before the examination day)
3. Application at high school (after entrance)

For details on the application criterion and deadlines, please consult your class room teachers or the high school that you would like to apply to.

(refer to page 19: Reference Materials ★6)

★1 Examination specifically for foreign students

◎Examinable Subjects :

Tests of three subjects (Japanese, Mathematics, English) and interviews

※Apart from selective academic examinations for foreign students, we will also conduct general scholastic ability tests (five subjects including Japanese, Mathematics, Social Studies, Science and English). This is because the candidate will be subjected to general selection when he or she fails to pass the examination for foreign students.

◎ Those who can take this examination (Must meet all following)

- Foreign nationals currently residing (or planning to reside) in Aichi Prefecture with a parent / guardian
- People who have completed (or are planning to complete) 9 years of school education (i.e. elementary school and junior high school or equivalent) either within or outside Japan

☆For detailed information : Aichi Prefectural Board of Education

High School Education Division ☎ (052) 954-6786

★2 Scholastic ability test subjects for general entrance examinations

		Scholastic Ability Tests					Others		Remarks
		Japanese	Math	Social Studies	Science	English	Essay	Interview	
Public	Full-time system	◎	◎	◎	◎	◎	◎	◎	
	Selection of foreign students	◎	◎	◎	◎	◎	◎	◎	* 2
		★ *1	★ *1			★ *1			
	Part-time system	○	○			○	◎	◎	*There are schools that do not conduct scholastic ability tests.
Private		◎	◎	△	△	◎	◎	◎	*This varies among schools.

*1 : Comprehensive examination combined of three subjects with phonetic (*kana*) provided

*2 : If you do not pass the examination specifically for foreign students, you will be subjected to the general selection, you must also take the general scholastic ability examination separately from the examination specifically for foreign students.

業種業料軽減補助制度の案内パンフレット NowClick!

私立高校の学納金と奨学制度について

私立学校の教育条件の維持向上を図る学納金。

私立学校は、独自の教育方針に基づき、教育の質を高め、特色ある教育を提供しています。そのために、授業料や施設費、教材費など、学納金が必要となります。学納金は、教育の質を維持し、向上させるための重要な役割を果たしています。

また、私立学校では、経済的に困難な家庭の生徒に対して、奨学金や減免制度を実施しています。これにより、経済的な負担を軽減し、教育の機会を均等に提供しています。

さらに、私立学校では、教育の質を向上させるために、最新の設備や教材を導入しています。これにより、生徒の学習意欲を高め、学力向上を図っています。

以上、私立学校の教育条件の維持向上を図る学納金について、ご案内いたします。
